

The Human Body ::::

**artery**

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

a blood vessel that  
moves oxygen-rich blood  
away from the heart  
toward the body's cells

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

**blood**

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the liquid that is moved  
by the heart through the  
body in blood vessels

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

**bone**

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

a hard, white piece  
of the skeleton

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# bone marrow

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

spongy material that produces blood cells and is found in the center of bones

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# brain

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the control center of the nervous system

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# brain stem

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the part of the brain that controls basic body functions such as breathing, heart rate, and blood pressure

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# carbon dioxide

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

a clear gas that is given off as a waste product during breathing

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# cardiac muscle

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the type of muscle found in the heart

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# cells

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the tiny parts that all plants and animals are made of

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# cerebellum

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the part of the brain  
that controls muscles,  
movement, and balance

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# cerebrum

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the largest part of the  
brain, which controls  
thinking, feeling, and  
some of the senses

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# circulatory system

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the body system that  
moves blood throughout  
the body

 **Science a-z.com** DEFINITION CARD

The Human Body :

# diaphragm

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body :

a sheet of muscle that allows the lungs to take in and release air

 **Science a-z.com** DEFINITION CARD

The Human Body ::|·

# digestive system

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::|·

the body system that breaks down food to give the whole body the nutrients it needs

 **Science a-z.com** DEFINITION CARD

The Human Body :

# esophagus

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body :

the tube that connects the throat to the stomach

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# excretory system

(noun)

 **Science a-z.com** WORD CARD

The Human Body ::::

the body system that  
removes waste and  
poisons from the body

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# heart

(noun)

 **Science a-z.com** WORD CARD

The Human Body ::::

the organ that pumps  
blood throughout  
the body

 **Science a-z.com** DEFINITION CARD

The Human Body :::

# joint

(noun)

 **Science a-z.com** WORD CARD

The Human Body :::

a place where two  
bones meet

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# kidneys

(noun)

 **Science a-z.com** WORD CARD

The Human Body ::::

a pair of excretory organs that filter waste products from blood

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# large intestine

(noun)

 **Science a-z.com** WORD CARD

The Human Body ::::

the thick, lower end of the digestive system in which water is removed from digested food

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# liver

(noun)

 **Science a-z.com** WORD CARD

The Human Body ::::

a large excretory organ that filters blood and helps with digestion

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# lungs

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

two spongy organs that bring oxygen to the blood and remove carbon dioxide from the blood

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# muscle

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

body tissue that lets the body move by contracting and relaxing

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# muscular system

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the body system that allows body parts to move

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# nerve

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

a thin fiber that carries signals between the brain and other parts of the body

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# nervous system

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the body system that gathers information from the senses and controls thinking and behavior

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# oxygen

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the invisible, odorless gas that makes up part of the air humans must breathe to live

 **Science a-z.com** DEFINITION CARD

The Human Body :

# pancreas

(noun)

 **Science a-z.com** WORD CARD

The Human Body :

an organ that produces a fluid to help digest food

 **Science a-z.com** DEFINITION CARD

The Human Body ::|·

# pelvis

(noun)

 **Science a-z.com** WORD CARD

The Human Body ::|·

a group of bones that connects the spine to the legs and supports the upper body

 **Science a-z.com** DEFINITION CARD

The Human Body ::|·

# respiratory system

(noun)

 **Science a-z.com** WORD CARD

The Human Body ::|·

the body system that controls breathing by inhaling oxygen and exhaling carbon dioxide

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

**ribs**

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

a group of long, curved bones that support and protect the chest

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

**saliva**

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

a liquid in the mouth that mixes with food to help begin digestion

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

**skeletal muscles**

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

strong muscles that connect to bones and allow the body to move

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# skeletal system

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the body system  
that provides a sturdy  
frame to support all other  
body systems

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# skull

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the main bone structure  
of the head

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# small intestine

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the thin, coiled part of  
the digestive system in  
which nutrients are  
removed from food and  
put into the bloodstream

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# smooth muscle

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

muscle that moves substances without a person's control and is found in many internal organs

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# spine

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

a column of bones that provides the main support for the body; the backbone

 **Science a-z.com** DEFINITION CARD

The Human Body ::::

# stomach

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::::

the organ where food is mixed with chemicals and partially digested

 **Science a-z.com** DEFINITION CARD

The Human Body ::|·

**system**

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::|·

a group of parts that  
work together for the  
same purpose or to do  
the same job

 **Science a-z.com** DEFINITION CARD

The Human Body :

**trachea**

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body :

the windpipe through  
which air travels in and  
out of the lungs

 **Science a-z.com** DEFINITION CARD

The Human Body ::|·

**vein**

*(noun)*

 **Science a-z.com** WORD CARD

The Human Body ::|·

a blood vessel that  
carries blood from the  
body's cells toward  
the heart

 **Science a-z.com** DEFINITION CARD
